PROJECT MANAGEMENT EDUCATION PROGRAM &

Construction Documents Technology (CDT) Exam Preparatory Course

The Denver Chapter, CSI encourages you to attend the 2019 spring Project Management Education Program. This 3-day program is based on CSI's Project Delivery Practice Guide which also serves as the basis for the Construction Documents Technologist (CDT) Exam. Attendees will step through the process needed to conceive, design, construct and maintain the built environment. This program describes the many parts of that process and the inter-related roles and responsibilities of the various project participants.

A must for everyone on the project team, including:
